ABOUT ME

BS Information System graduate with hands-on experience in full-stack web development (Vue.js/Supabase) and system design. Proven ability to deliver end-to-end solutions, from building a sports platform presented at SCI-COM 2026 to optimizing workflows during an internship at the Department of Agrarian Reform. Eager to bring strong analytical and platform-building skills to a forward-thinking tech team.

EXPERIENCE

Student Intern | Department of Agrarian Reform **Feb 2026 – May 2026**

- Encoded land record information in Microsoft Excel prior to digitization and document scanning.
- Managed the digitization of high-volume physical records using high-speed document scanners to transition from paper-based to digital filing systems.
- Developed a conceptual system proposal to enhance the process flow.

Full Stack Web Developer / Capstone Researcher **June 2025 – May 2026**

PlayMatch: A Sports Facility Booking and Playmate Finder Platform for Butuan City (Capstone Project)

- Developed a full-stack booking web application using Vue.js, Node.js, and Supabase with secure user authentication and scheduling engines.
 - Executed manual functional and integration QA testing to validate real-time database state updates and resolve core system bugs.
 - Led User Acceptance Testing (UAT) with 30 target users, securing a "Good" System Usability Scale (SUS) score of 79.3.
-

EDUCATION

Caraga State University - Main Campus **2022 - 2026**
Bachelor of Science in Information System

Agusan National High School - Senior High School **2020 - 2022**
Science, Technology, Engineering, and Mathematics (STEM)
Graduated With Honors

SKILLS

- **Technical Skills:** Full-Stack Development, Vue.js, Supabase, Git/GitHub, Vercel, Figma, System Analysis & Design, IS Project Management, Database Management, Basic Microsoft Office (Word, Excel), Basic Google Workspace (Docs, Sheets)
- **Professional Skills:** Attention to Detail, Communication Skills, Professional Ethics, Adaptability, Highly Organized & Efficient
